2019 – 2023 (expected graduate)

Toronto, ON, Canada

BSc Computer Science, Minor Psychology – 4.03/4.33 CGPA

- Selected for the 2019-2020 Dean's List.

**Courses:** Python OPP | Java OPP | Data Algorithms | Web System Development | Software Engineering

## PROJECTS

### Web Development - MovieCrunchers | HTML • CSS • JavaScript • PHP

Oct 2020 – Nov 2020

[Site](#)

- Implemented a movie review website and platform for user interaction from concept through completion, optimized all cross-browser, and multi-platform compatibility.
- Assessed UX, UI designs for technical feasibility, and increased team productivity by 30-40%.
- Collaborated with three other group team members to implement new features and reduce project duration by 33%.

### React.js Development - Searchable movie App | JavaScript • Bootstrap • React.js

Jul 2020 – Dec 2020

[Site](#)

- Accomplished pagination, sorting, searching, authentication, authorization, and routing.
- Created a variety of reusable components and improved efficiency in other projects by 20-30%.
- Reduced code for validating form by 70-80% and increased security by applying Joi and jwt-decode libraries.

### App Development - Student Registry | Java

Feb 2020 – Apr 2020

[GitHub](#)

- Constructed an object-oriented Ryerson student registry to maintain a list of registered students and a list of active courses that are currently running.
- Applied inheritance and polymorphism concepts to form subclasses for credit courses and active courses.
- Implemented comparators to filter students by ID, names, and courses taken.

## EXPERIENCE

### SUPERVISOR - THE BURGER'S PRIEST

Nov 2019 – Present

Downtown Toronto, ON

- Evaluated situations and prioritize activities when short-staffed.
- Delegated each employee to appropriate roles based on their strengths and weaknesses.
- Lessened wait time for customers and boosted their satisfaction by 30%.
- Decreased labor costs by undertaking the work of 2 people.
- Cross-trained and coordinated scheduling with team members to ensure seamless services.

### CO-FOUNDER - LTES – LET'S FLY HIGH

Jun 2016 – Jun 2019

Vietnam

[Site](#)

- Organized Summer Camp for the ages from 14 to 17 locally.
- Extended page interaction through advertising plans by more than 1000% in the time period.
- Decided to shorten or prolong the duration of the camp based on weather or unexpected situations by creating more challenges or cutting unnecessary details.
- Recruited Organization Committee annually so that the Summer Camp will occur in the year to come.
