**Tools:** Office 365: Word, Excel, PowerPoint • Git • GitHub • Heroku

**Framework:** React.js • Node.js • Bootstrap • Styled components

## PROJECTS

**MovieCrunchers** | HTML • CSS • JavaScript • PHP

Oct 2020 – Nov 2020

[Site](#)

- Implemented a movie review website and platform for user interaction from concept through completion, optimized all cross-browser, and multi-platform compatibility.
- Assessed UX, UI designs for technical feasibility, and increased team productivity by 30-40%.
- Collaborated with three other group team members to implement new feature and reduce project duration by 33%.

**Searchable movie React.js App** | JavaScript • Bootstrap • React.js

Jul 2020 – Dec 2020

[Site](#)

- Accomplished pagination, sorting, searching, authentication, authorization, and routing.
- Created a variety of reusable components and improved efficiency in other projects by 20-30%.
- Reduced code for validating form by 70-80% and increased security by applying Joi and jwt-decode libraries.

**Student Registry** | Java

Feb 2020 – Apr 2020

[GitHub](#)

- Constructed an object-oriented Ryerson student registry to maintain a list of registered students and a list of active courses that are currently running.
- Applied inheritance and polymorphism concepts to form subclasses for credit courses and active courses.
- Implemented comparators to filter students by ID, names, and courses taken.

## EXPERIENCE

### THE BURGER'S PRIEST

Nov 2019 – Present

Downtown Toronto, ON | Supervisor

- Reduced the number of lost and missing-items orders by 80-90%.
- Handled a large number of orders (100-150 burgers in an hour) with more than 90% accuracy.
- Lessened wait time for customers and boosted their satisfaction by 30%.
- Decreased labor costs by undertaking the work of 2 people.
- Cross-trained and coordinated scheduling with team members to ensure seamless services.

### LTES – LET'S FLY HIGH

Jun 2016 – Jun 2019

Vietnam | Co-Founder

[Site](#)

- Organized Summer Camp for the ages from 14 to 17 locally.
- Extended page interaction through advertising plans by more than 1000% in the time period.
- Reached more than 27,000 people and 5500 post clicks, reactions, comments, and shares.
- Recruited Organization Committee annually so that the Summer Camp will occur in the year to come.
